About OSMI

OSMI objectives

1. Promote the worldwide adoption of Open Science Principles
2. Provide recommendations for technical specifications for their implementation
3. Support stakeholders on various levels in monitoring Open Science practices

Our immediate objectives:

- Finalising the Principles of Open Science Monitoring
- Launching 4 working groups

OSMI organisation

- **Initiators group**: the founding members of the initiative: UNESCO, the French Ministry of Higher Education and Research, Université de Lorraine, Inria, SPARC Europe, Charité and PLOS - monitors progress

- **Coordination Committee**: Arianna Becerril García (REDALYC/AmeliCA), Laetitia Bracco (Université de Lorraine), Andrea Davidson & Vanessa Proudman (SPARC Europe), Ana Persic & Rania Sabo (UNESCO) - oversees overall day-to-day OSMI operations

- **Governance** to be discussed this year, diverse and inclusive governance structure is paramount

Practical organisation

Our mailing list: osmi-wg3@groupes.renater.fr

Mentimeter

We would like to hear from you on:

- Distribution of minutes
- Videoconferencing tool
- Content sharing platform

Action: your opinion on this practical organisation

Draft WG objectives for discussion

Seeking a small number of specific, meaningful and measurable objectives that are also achievable by the group. Initial draft:

- Increase the involvement of scholarly content providers in open science monitoring initiatives
- Increase the availability of results and methods of open science monitoring with scholarly content providers
- Stimulate new initiatives, research and collaborations that advance and improve the monitoring of open science with scholarly content

Action: your opinion on these objectives

Discussion about deliverables (optional)

Considering the draft objectives, what activities, projects, initiatives, and / or deliverables would help to achieve them?

Chairing the WG

Presentation of the role of the chairs

- Organisation of meetings
- Organisation of the group into subgroups if necessary
